

Create and Configure IBM Cloud Services

Create NODE RED Service

Date	1 November 2022
Team ID	PNT2022TMID47483
Project Name	Project – Gas leakage monitoring and alerting system for industries

Step1: Install node red and open node red in command prompt

```
Command Prompt
Microsoft Windows [Version 10.0.19043.2006]
(c) Microsoft Corporation. All rights reserved.

C:\Users\Admin>node-red
```

The screenshot shows a Windows Command Prompt window. The title bar reads 'Command Prompt'. The window content shows the standard Windows boot-up text: 'Microsoft Windows [Version 10.0.19043.2006] (c) Microsoft Corporation. All rights reserved.' followed by the command prompt 'C:\Users\Admin>'. The command 'node-red' has been entered at the prompt. The Windows taskbar is visible at the bottom, showing the search bar, task view button, and several application icons. The system tray on the right shows the weather 'Rain coming', the time '21:11', and the date '04-11-2022'.

Step 2: Select IBM IoT input in node
